Bed Design Features

Integrated Armrests help sitting, standing, and repositioning in bed

Pull & Roll side grip helps you reposition in bed, roll over on your side which takes strain off your back when sitting up

Integrated storage enhances functional appeal

Footrest perch gives a safe place to sit when getting dressed/undressed

Set-back feet to eliminate trips and stubbed toes-
*featured on Cayman only

Michael Graves Design for Pottery Barn

Nightstand Design Features

Raised edges prevent items from rolling off, eliminating bending

Integrated power strip in drawer eliminates bending to reach outlets

CPAP storage & pass-through enhances your décor, allows you to keep your machine in the drawer while passing the hose through the side for use at night. Can also be used for charging electronics

No lower shelf eliminates the need to bend over while also providing better clearance for wheelchair users

Higher height of 26.5" make the nightstands level with the bed armrest and keeps items within reach

Easy to use hardware that adheres to ADA guidelines is also easy to see in a contrasting finish.

Michael Graves Design for Pottery Barn

Dresser Design Features

Front, Side, Back grab channels provide total containment for small items to eliminate accidental dropping + bending

Front & side grab rails facilitate “furniture surfing” by providing a safe grip for balance or assistance standing up. Wall mounting cleat included to create full stability.

9” ground clearance allows wheelchair users to have better clearance for feet. Raised bottom drawer reduces bending. Clearance provides space for bin storage

Easy to use hardware allows one-handed opening of all drawers and adheres to ADA guidelines

Michael Graves Design for Pottery Barn

Side Bench Features

Coordinated bench for dresser that provides convenient seating for dressing

Integrated storage enhances functional appeal

Upholstery Chair – Supported Ingress + Egress

Optimized foam density, seat height, seat depth, armrest height and extension touchpoints encourage “nose over toes” position in chair. Enabling a more supported position to get in and out of chair

Featured on both Yardley Slope + Bradford chairs

Michael Graves Design for Pottery Barn

Bradford Chair– Additional Features

Preventing knees from reaching a right angle facilitates easier ingress and egress.
Adjustable/attachable foot options to choose the height that is right for you
(19" or 20.5 Seat Height)

Rear Grab Rail provides a safe grip for balance and facilitates "furniture surfing"
